## EXPERIENCE

### Upwork, Freelance — *ReactJS/NodeJS Developer*

July 2021 - PRESENT

Developed websites and custom applications for the clients.

### VRP Consulting, Kyiv, Ukraine — *Salesforce Developer (Java)*

January 2022 - April 2022

Aside from my freelance job as a web developer, I was working as a Junior Salesforce Developer for a big international company for some time. The company office was closed in a few month after the war began.

### NemiCOM, Borodyanka, Ukraine — *System Administrator*

Jun 2020 - Jun 2021

I've worked as a network systems administrator for a small ISP company for about a year. My main duties were to configure and service network equipment, network monitoring and bug fixing.

## EDUCATION

### Kyiv National Economic University, Kyiv, Ukraine — *Bachelor of Applied Science (BASc), Computer Science*

September 2018 - Jun 2021

In about 3 years of studying in the Kyiv National University of Economy I've obtained Bachelor's Degree in Computer Science.

### School Name, Location — *Degree*

September 2015 - Jun 2018

In about 4 years of studying in the Kyiv College of Computer Networks and Systems I've obtained Junior Specialist's Degree in Computer Systems and Networks.
